Subject: Promoting Responsible Mobile Phone Use and Online Safety

Dear Parents,

In today's digital age, it is essential that we work together to guide our children in using mobile phones and the internet safely and responsibly.

As part of our school's policies, we strictly prohibit the use of mobile phones by students during school hours. We expect all students to adhere to this rule and refrain from using their mobile phones not only in the school but at home also.

We kindly request your cooperation in reinforcing this rule and ensuring that your child understands the importance of following school policies.

Your partnership is key in helping us promote healthy technology habits both at school and at home.

Parental Guidelines for Responsible Mobile Use:

1. **Set Limits on Screen Time** – Help protect your child's health, sleep, and academic focus by managing their daily screen usage.
2. **Supervise Online Activity** – Regularly check their mobile phone use, including apps, social media, and online interactions.
3. **Teach Digital Citizenship** – Encourage respectful online behavior, awareness of cyber safety, and responsible sharing.
4. **Discuss Online Risks** – Talk openly about cyber bullying, scams, and the importance of safeguarding personal information.
5. **Establish Clear Rules** – Set consistent boundaries for when, where, and how mobile phones may be used.
6. **Encourage Positive Use** – Help your child explore the educational and creative benefits of technology, while avoiding overuse.

By staying involved and informed, we can ensure our children develop the skills and habits to use technology in a safe, balanced, and respectful way.
Thank you for your continued support.

Regards,

Alka Arora
