Dear Parents

Schools were closed during the academic session 2020-21 due to outbreak of Corona-virus global pandemic of 2020. The upcoming year has a lot of people's hope riding on it and now we are prepared for the new academic session 2021-22, wherein the students will start reporting in the school again. In addition to it, as you know school is plying its own transport at certain routes. We are in process of revision of routes and bus timings. You are requested to fill the attached Google form and submit within 3 days.

**Note:** Providing school transport is facility and not a compulsion. Hence routes / timings / allotment of bus facility will be at the discretion of school authority.
